

What is the Monroe Street Neighborhood Center?

Neighborhood Center?

The Monroe Street Neighborhood Center provides necessary food, clothing and transportation to community members, as well as a service coordinator to aid people in finding jobs and managing their finances. The center also provides many services geared toward strengthening families and offering children a safe environment outside of the home.

The Monroe Street Neighborhood Center was founded in the 1970s, when the Monroe Street United Methodist Church began providing these needed services and support to the community. It was incorporated in 2000 as a small, private, not-for-profit organization.

Interested in Volunteering?

Volunteering is a very rewarding experience. It is satisfying to know you've given back to your community and made it a better place to work and live. The Monroe Street Neighborhood Center wouldn't be nearly as successful without the support and dedication of our volunteers. If you are interested in donating your time call Clara Petty (419) 473-1167 or e-mail cpetty.msnc@yahoo.com

3613 Monroe St. Toledo, Ohio 43606
